

Name: Kate DeCorte

Position: Team Advisor

Speciality: Technique and O1's

I am currently studying at Edgehill University studying P.E and school sport hoping to become a secondary P.E teacher. The past two summers I have spent teaching boating and other water sports in America

I first began dragon boating when I was 15 with Amathus dragon boat club, my first time competing for the Great Britain under 18s team was in 2006 at the Prague European championships where I won two gold medals for the mixed 200 and 500m races. When I was 16 in 2007 I was successful at becoming the fastest girl for the trials for the world championships in Australia, and competed in both the mixed and open under 18s team. The following year I trialled for the premiere women's Great Britain team and was successful at competing with them in Italy where we went on to win 2 silver and 1 bronze.
